

TEST AND CHECKLIST OF EARLY WORDS WORDS

Before starting *Early Words 2*, use this test and checklist to ensure your student has the necessary vocabulary from the first *Early Words* book to undertake the second book in the programme. If there are any words that are not known, reteach them before beginning *Early Words 2*. To administer the test, cover the test with a card with a window cut out so that the child sees only one word at a time. Work across the page. Tick known words on the checklist and mark incorrect or unknown words with an 'x'. The highest possible score is 48.
